

Class	How much homework should I expect my child to be doing per night in this class?	What types of things should I see my child doing for homework in this class?	Other
Physical Science	0-20 minutes per week	all work can be finished in class. If not, it is assigned as homework	
Advanced Physical Science	10-20 minutes per night.	Reading questions from the textbook, finishing lab questions, studying for quizzes and tests, and worksheets.	
Biology	0-20 minutes per week	Finishing vocabulary, an assignment, or a lab that was not finished during regular class time; preparing for a quiz or	
Advanced Biology	1-2 hours per week	Readings, complete lab reports, practice study guides and tests	
Advanced Chemistry	10-20 minutes per night.	Students will be watching instructional lecture videos and taking notes, completing prelab questions, finishing labs, studying for quizzes and tests, or working on a semester project.	
Marine Biology	0-20 min per week	Worksheets, study guides	
Biotechnology	0-20 min per week	Occasional readings, finishing projects	
Environmental Science	0-30 minutes per week		
Earth Space Science	20 minutes per week.		
Advanced Physics	~30 minutes per night (will vary depending on the night though)	Lab reports, textbook problems, online quizzes	
Anatomy and Physiology	20 minutes (but there is no nightly homework. Weekly, they should be putting in 1:20)	Completing reading guides, lab reports, studying for quizzes and tests	All class websites are based in Schoology and a personal computing device is necessary to access the electronic materials.
CU Succeed AP Biology	Will vary; 1 lab per week, 30 min reading	Lab reports, readings, discussion boards	everything is on schoology 1-2 hours per week
CU Succeed AP Chemistry	Will vary. About 15-30 min per night; formal lab reports - 45 min weekly	Chemistry problems, AP practice problems, review worksheets, formal lab reports, studying for quizzes and tests	
CU Succeed AP Physics	~45 minutes per night (will vary depending on the night though)	Lab reports, textbook problems, online quizzes	
Science Research Seminar	20-60 minutes per week outside of class time, depending on time of year	Reading primary sources, meetings with mentor, creating posters and presentations, doing online discussions, writing papers	Science Fair and SRS Symposium are REQUIRED events
